No of participant: 150

Teaching Staff:

Mr. Atul Sabe, Mr. Sudhir Patil, Dr. Rupali Patil, Miss Komal Heda, Miss Kanchan G. Patil, Miss Nisha G. Bhat, Mr. Ajinkya Joshi

Aim

IIP Board aims to provide state-of-the-art classroom solution for the growing education sector in India. "Our Interactive Intelligent Panel takes care of all the teaching needs in a classroom, to build future leaders by changing the age-old teaching-learning methodology in schools, colleges. It has helped classrooms evolve into active learning centers by providing an interactive and collaborative learning experience.

Objective

Improve the learning experience while making teachers' lives better. They allow teachers and students to learn collaboratively, share files, access online resources and use educational software. Students can write on the screen, work together in collaborative groups and complete activities and assessments to help them understand the lesson in an exciting way.

Outcome

A workshop regarding IIP board was conducted in our college through that workshop we got some information which will be useful for all of us. During that workshop we learned how to use

that IIP board and how to use short keys while using it. That IIP board is really useful. Along with it comes more convenience of teaching through IIP board as well as how to give more information easily. It can be seen that IIP board is important not only for us teachers but also for students for their seminar, presentation, study. Indeed this workshop will be very useful for us in future.

Brief Discussion

Mahatma Gandhi Education Board's Mrs. Sharadchandrika Suresh Patil College Of Pharmacy conducted a Workshop On IIP Tool and handling Workshop During 20/09/2023 to 22/09/2023. IIP Board was installed in every classroom in the college with the aim of making it easy for students and teachers to handle. The program was inaugurated done by the President of the Institute Adv. Mr. Sandip Suresh Patil, Dr. Mrs. Smitataj Sandip Patil. The Workshop was organized IQAC Cell under the guidance college Principal Prof. Dr Gautam P. Vadnere. The workshop was trained by Ms. Pradnya Kamble (Senses Electronics, Pune.). In that workshop students and teachers learned how to use the IIP-board and how to handle it while using the short keys. Along with this, IIP Board will provide more teaching facilities as well as more information easily. It can be seen that IIP Board is important not only for our teachers but also for students for their seminars, presentations, studies. Indeed this workshop will be useful for students and teachers in the future. On this occasion Prof. Dr. Rupali Patil, Prof. Mr. Atul Sabe, Prof. Mr. Sudhir Patil, Prof. Mrs. Kanchan Patil, Miss. Shreya Jain, Miss Nisha Bhat, Miss Komal Heda, Miss Rutika Chavan, Mr. Ravindra Shrivane was present for the workshop.

Title: One day workshop of IIP Tools Handling

Date: 27/09/2023

Time: 8.30am to 11.30 am

Venue: Classroom

Mentor: IQAC Cell

Resource Person: Miss Pradnya Kamble

No. of Participant: 53

Teaching Staff:

Mr. Bhushan Patil, Mr. Shridhar Betkar, Ms. Kanchan Patil

Aim

IIP Board aims to provide state-of-the-art classroom solution for the growing education sector in India. "Our Interactive Intelligent Panel takes care of all the teaching needs in a classroom, to build future leaders by changing the age-old teaching-learning methodology in schools, colleges. It has helped classrooms evolve into active learning centers by providing an interactive and collaborative learning experience.

Objective

Improve the learning experience while making teachers' lives better. They allow teachers and students to learn collaboratively, share files, access online resources and use educational software. Students can write on the screen, work together in collaborative groups and complete activities and assessments to help them understand the lesson in an exciting way.

Outcome

A workshop regarding IIP board was conducted in our college through that workshop we got some information which will be useful for all of us. During that workshop we learned how to use that IIP board and how to use short keys while using it. That IIP board is really useful. Along

Academic Year 2023-2024

Title: Docking Server- that handles all aspects of molecular docking form ligand and protein setup

Date: 23/02/2024

Venue: Seminar Hall (Ground Floor) of Smt. Sharadchandrika Suresh Patil College of pharmacy, Chopda

Eminent Speaker: Mr. Anand P. Sharma (Research & Development Department, Clantha Research Limited)

Program Coordinator: Mr. R. S. Shrivane

IQAC Coordinator: Dr. S. S. Mahajan

Convenor: Dr. G. P. Vadnere

No. of Participants: 110

Aim:

This workshop helps students to enhance the knowledge, skills, and abilities of students in a Molecular docking.

To inspire students, foster creativity and promote critical thinking and problem-solving skills.

To Aware about the Research and discovery in pharmaceutical field.

It provide insights into how a ligand interacts with a protein at the molecular level, which is crucial for understanding biological processes and designing new drugs.

Objectives:

- 1) **Skill Development:** This workshop could be able to enhance the docking skill.
- 2) **Knowledge acquisition:** understanding of a particular Docking Server through lecture, discussion, hands-on activities
- 3) **Practical Application:** The workshop may aim to bridge the gap between theoretical knowledge and practical application by providing hands-on exercises

- 4) **Problem Solving Skill:** Developing students problem-solving skills by presenting them with challenges and real-world problems in research and development.

Outcome:

- 1) Participants leave the workshop with improved skills and competencies related to the molecular docking
- 2) Participants feel more confident in their abilities to tackle challenges related to the docking and protein binding.
- 3) Overall, workshop for students provided an enriching learning experience that goes beyond traditional classroom instruction, equipping participants with valuable skills, knowledge, and experiences that contribute to their personal and professional development.

Brief Description:

docking servers play a crucial role in virtual screening and structure-based drug design by predicting the interactions between small molecules and target proteins. They expedite the drug discovery process by guiding experimental studies and identifying promising candidates for drug development.

Sub: Invitation as a **Guest Speaker**....

Dear Sir,

With reference to the above cited subject, we would like to invite you as a guest speaker for the one day Workshop on **"Docking Server- that handles all aspects of molecular docking form ligand and protein setup"** organized by IQAC cell of Smt. Sharadchandrika Suresh Patil College of Pharmacy, Chopda, Dist-Jalgaon dated on 23 February 2024. Session would be helpful for our students in future. It will truly be a pleasure for all of us to have you as an honourable trainer. We will be waiting for your positive response and hoping that this Workshop will be a truly successful learning session.

Kindly accept and oblige.

Thanking You,

-: About Workshop :-

Chemdraw is a type of software for chemistry which is used to draw the structure of chemical compounds, this chemdraw software is available to the teachers and students in the department. this software is easy to use and reduces the draw the structure and easily identify it. Some of the common uses of chemdraw are given below:

- 1) Chemdraw is used in laboratories to draw the structure of chemical compounds.
- 2) It is useful to understand the stereochemistry
- 3) It is used to generated spectra.
- 4) It is also used to predict the properties of the compounds.
- 5) Chemdraw is used to give the IUPAC names.
- 6) It is very useful to draw the structure of complex compounds, organo-metalic, polymer.

Aim:

Chemdraw is a type of software for chemistry which is used to draw the structure of chemical compounds. this chemdraw software is available to the teachers and students in the department. this software is easy to use and reduces the draw the structure and easily identify it. Some of the common uses of chemdraw are given below:

- 4) It is also used to predict the properties of the compounds.
- 5) Chemdraw is used to give the IUPAC names.
- 6) It is very useful to draw the structure of complex compounds, organo-metalic, polymer.

Objectives:

- 1) **Ease of Use:** To create an intuitive interface that allows users to quickly and accurately draw chemical structures.

2) **Functionality:** To offer a comprehensive set of tools for drawing, editing, and analyzing chemical structures and reactions.

3) **Accuracy:** To ensure that the software produces precise molecular representations suitable for scientific research and educational purposes.

4) **Integration:** To enable seamless integration with other chemistry software and databases for enhanced productivity and data management.

Outcome:

1) **Efficient Chemical Drawing:** ChemSketch enables users to draw complex chemical structures with ease, including organic molecules, inorganic compounds, and biochemical substances.

2) **Visualization:** Users can visualize molecular structures in 2D and 3D, facilitating a better understanding of molecular geometry and spatial relationships.

3) **Analysis:** The software offers tools for analyzing chemical properties, calculating molecular properties, and predicting chemical reactions.

4) **Communication:** ChemSketch helps users communicate their research findings effectively by generating high-quality graphics and exporting them in various formats for presentations, publications, and reports.

Brief Description:

Chemdraw is a type of software for chemistry which is used to draw the structure of chemical compounds, this chemdraw software is available to the teachers and students in the department.

This software is easy to use and reduces the draw the structure and easily identifies it.

Dear Sir,

With reference to the above cited subject, we would like to invite you as a guest speaker for the one day Workshop on "Introduction and Demo: How to Use Chemdraw Software" organized by IQAC cell of Smt. Sharadchandrika Suresh Patil College of Pharmacy, Chopda, Dist-Jalgaon dated on 04 March 2024. Session would be helpful for our students in future. It will truly be a pleasure for all of us to have you as an honourable trainer. We will be waiting for your positive response and hoping that this Workshop will be a truly successful learning session.

Kindly accept and oblige.

Date: 20 March 2024

-: About Workshop :-

Welcome to our program Hands-on Training on ChemSketch Software. ChemSketch is a molecular modeling program used to create and modify images of chemical structures. The knowledge of ChemSketch is essential for the UG, PG and Research students of Chemistry so that they can present cleaner, authentic and high resolution structure in their work. With this aim we have planned to organize this workshop.

Title: Basic tools of Chems sketch Software

Date: 20/03/2024

Venue: Class room 1 (Ground Floor), Smt. Sharadchandrika Suresh Patil College of pharmacy, Chopda

Eminent Speaker: Mr. Ashish M. Dhote (Research & Development Department Cipla Patalganga

Program Coordinator: Mr. Vikas R. Patil

IQAC Coordinator: Dr. S. S. Mahajan

Convenor: Dr. G. P. Vadnere

No. of Participants: 127

Aim:

Chems sketch aims to provide scientists, researchers, students, and professionals in chemistry-related fields with a user-friendly platform for drawing chemical structures, reactions, and other molecular representations.

Objectives:

- 1) **Ease of Use:** To create an intuitive interface that allows users to quickly and accurately draw chemical structures.
- 2) **Functionality:** To offer a comprehensive set of tools for drawing, editing, and analyzing chemical structures and reactions.
- 3) **Accuracy:** To ensure that the software produces precise molecular representations suitable for scientific research and educational purposes.
- 4) **Integration:** To enable seamless integration with other chemistry software and databases for enhanced productivity and data management.

Outcome:

- 1) **Efficient Chemical Drawing:** Chems sketch enables users to draw complex chemical structures with ease, including organic molecules, inorganic compounds, and biochemical substances.
- 2) **Visualization:** Users can visualize molecular structures in 2D and 3D, facilitating a better understanding of molecular geometry and spatial relationships.
- 3) **Analysis:** The software offers tools for analyzing chemical properties, calculating molecular properties, and predicting chemical reactions.
- 4) **Communication:** Chems sketch helps users communicate their research findings effectively by generating high-quality graphics and exporting them in various formats for presentations, publications, and reports.

Brief Description:

Chems sketch is a versatile software tool designed for chemists and other professionals working in the field of chemistry. It allows users to draw chemical structures using a variety of drawing tools, including bonds, atoms, functional groups, and templates. The software supports both 2D and 3D representations, allowing users to visualize molecular structures from different perspectives. Chems sketch also offers features for naming compounds, calculating molecular properties, predicting chemical reactions, and generating reports. Overall, it serves as a valuable tool for research, education, and communication in the field of chemistry.

Dear Sir,

With reference to the above cited subject, we would like to invite you as a guest speaker for the one day Workshop on "Basic tools of Chemsketch Software" organized by IQAC cell of Smt. Sharadchandrika Suresh Patil College of Pharmacy, Chopda, Dist-Jalgaon dated on 20 March 2024. Session would be helpful for our students in future. It will truly be a pleasure for all of us to have you as an honourable trainer. We will be waiting for your positive response and hoping that this Workshop will be a truly successful learning session.

Kindly accept and oblige.
