2.5 Evaluation Process and Reforms

2.5.1. Mechanism of internal/ external assessment is transparent and the grievance redressal system is time- bound and efficient

Response:

- ♦ Detailed calendar is prepared for effective planning and implementation on the basis of the academic calendar issued by the affiliating university. Internal examinations are conducted regularly in accordance to academic calendar.
- ♦ As per PCI pattern 2017, continuous mode internal assessment for each theory subjects are conducted which includes attendance, academic activities and student-teacher interaction.
- ♦ Institute strictly follows the PCI/ KBCNMU evaluation guidelines for the evaluation purpose.

The subject teachers are instructed to prepare question papers based on the syllabus decided by the subject in-charge. Supervisors are appointed for internal examinations.

- ♦ The marks scored by the students in sessional examination are entered in the sessional examination marks register thus making the process robust and transparent.

Mechanism to deal with internal/external examination related grievances is transparent, time bound and efficient:

College Level

The assessment for the sessional examination is carried out meticulously and if the students do not obtain minimum marks required, they are not permitted write to the re-sessional examinations. In case, if students fail to appear for any in-semester assessment/sessional examination on medical grounds or remain absent with prior permission and approval of the Principal; then, the re-examination of such students is conducted as per rules, provided that he/she submits application to the Principal through Institutional Examination Committee with required documents.

For Assessment of theory exams

After the conduct of the theory internal exam, answer sheets of sessional examinations are assessed by the subject teacher. Answer sheets are shown to students in the class room.

For Assessment of Practical exams

Marks for conduct of experiment are allotted during regular practical. Viva/Synopsis are conducted at regular practical and marks are allotted. Journals are assessed and evaluated on a regular basis and then marks are allotted. Total marks for an experiment is calculated and average marks for journals are considered.

These marks are included in the internal practical exam marks as journal marks and total marks for exam is calculated. Marks are entered in sessional evaluation sheet.

University level

If the students indulge in any kind of malpractices, severe action is taken against them by the exam cell after discussing the matter with the Chief Superintendent. The examination cell is entirely involved in dealing with examination related grievances. The cell conveys the grievances to the knowledge of the external senior supervisor immediately and suitable remedial action is taken.

The University has Digital Exam Paper Delivery System (DEPDS), online web service. In the course of, the conduct of examinations, if questions appear from “out of syllabus” or if any error in the question paper is detected, students inform their grievance to the subject teacher and it is communicated to the Controller of Examinations through Principal.

Students undergoing grievances regarding evaluation in any subject for the end term assessment may apply for revaluation. The office staff assists the students in filing the online applications on KBCNMU web portal for the same.

2.6 Student Performance and Learning Outcomes

2.6.1. Programme Outcomes (POs) and Course Outcomes (COs) for all Programmes offered by the institution are stated

Programme Outcomes (POs) and Course Outcomes (COs) for all Programmes offered by the institution are stated and displayed on website

The Course Outcomes (COs) are based on the learning objectives of the course, which are defined in the syllabus prescribed by the KBCNMU, Jalgaon. The COs of the course is prepared by the respective course faculty. The CO statements are drafted in order to accomplish the syllabus contents using Bloom’s Taxonomy. The learning outcome for each subject is around 4-6. There are separate learning outcomes for the theory and practical subjects.

Based on the course outcomes/ learning outcomes program educational objectives/program-specific objectives have been set for the B. Pharmacy / M. Pharmacy program. Before starting each topic in the course, teachers are discussing the learning outcomes of the subjects with the students. They have been given the information regarding the same in advance.

A syllabus orientation program is conducted for the faculty to appraise them about the

Program Outcomes, Course Outcomes, and Question paper mapping to calculate attainment level. The COs & POs are communicated to the faculty and the students in the following ways: (a) discussed in academic meetings (b) displayed on the College website (c) discussed during the induction program (d) discussed in the classroom at the beginning of the course (e) discussed in mentoring session (f) displayed in corridors (g) laboratory boards. The vision, and mission of the Institute with Programme Outcomes are printed on lab records and assessment booklets for information to students. Question papers are drafted and mapped for Course Outcomes and Programme Outcomes for both theory and practical courses. The college has also displayed the Program and Course Outcomes on the website for the awareness of all the stakeholders.

2.6.2 Attainment of POs and COs are evaluated.

Explain with evidence in a maximum of 500 words Response:

Programme Outcomes (POs) and Course Outcomes (COs) of the institution reflect the quality of education provided by the University in syllabus. In the IQAC meetings, Course Outcomes of each subject and CO- PO mapping are discussed and integrated into the curriculum. Programme Outcomes of the institution aim to nurturing skill and capacity among students for employment, research, problem solving, social responsibility, ethics and empowerment through education. Course Outcomes focus on the attainment of subject knowledge, awareness and sensitivity towards existing problems in the society, through the experiential knowledge, research orientation and industry readiness. Program Outcomes (POs) are achieved through a curriculum that offers a number of mandatory courses as well as elective courses. The Course Outcomes (COs) for each course are mapped with POs. The level of attainment of COs for both internal and external examinations is measured and set for all courses on a scale of 0 to 3.

The following aspects are considered in the attainment and evaluation of POs and COs.

Attainment Level 1: Students scoring more than 60%, in the University examination and internal examination, are considered to be the attainment of “1”

Attainment Level 2: Students scoring more than 70%, in the University examination and internal examination, are considered to the attainment “2”

Attainment Level 3: Students scoring more than 80%, in the University examination and internal examination are considered to be the attainment of “3”

As per PCI

Attainment Level 1: Students scoring more than 60%, in the University examination and internal examination, are considered to be the attainment of “1”

Attainment Level 2: Students scoring more than 70%, in the University examination and internal examination, are considered to the attainment “2”

Attainment Level 3: Students scoring more than 80%, in the University examination and internal examination are considered to be the attainment of “3”

CO attainment is determined on the basis of marks obtained in internal assessments including continuous mode and sessional exam. Questions are mapped with the COs and attainment is calculated. PO attainment is determined through direct and indirect assessment tools. Direct assessment involves the attainment of course outcomes and indirect assessment involves the

attainment of POs through co-curricular and extra-curricular activities. The indirect attainment level of POs is determined based on the analysis of feedback and surveys.

5.4 Alumni Engagement

5.4.1. There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Alumni play a vital role in the college by providing mentoring, internships and career opportunities to students. The college has a registered Alumni Association which aims to build a strong bridge between students and alumni to provide opportunities that help the overall development of the college by contributing to the growth of students and providing a forum for members to interact and sustain a sense of belonging amongst them through mutually beneficial contacts. It also facilitates and encourages alumni to contribute towards improvements in the status of the college in areas pertaining to academics, industry interactions and any other area that the alumni and the college feel appropriate. The association focuses on the following areas which contribute to college development.

Placement Assistance: The alumni share information related to vacancy positions and also provide assistance in arranging various interviews. Due to such assistance, the overall student placement is enhanced.

Student Interaction: The alumni association has initiated alumni interaction under which alumni members of the college interact with the current students of the college to guide them on various career opportunities and preparation for competitive exams.

Training: The alumni are actively involved in helping the students with training as well as arranging the

M. Pharm. project work in various industries. **Career guidance & Research:** Alumni guide students in preparation for interviews, entrepreneurship development and soft skills interventions which help students with their placement. The alumni regularly contribute as resource persons in various scientific symposiums organized by the college. They also help to students by giving gift samples of drugs (APIs) for research projects.

Social Associations: The college has developed a dedicated social portal (Facebook, LinkedIn, Telegram and Whatsapp) for better connections with alumni. The designed social portal provides information regarding brief profiles of alumni, job openings, achievements and current affairs in the pharmacy profession. The social portal helps current students to easily know about the college alumni along with their designation, current working area and expertise. Overseas alumni lead to provide opportunities abroad. To solve the problems in society, alumni design a magazine in which they try to make aware society in regard to recent updates and new avenues in the pharmacy field and success stories of students, alumni and pharmacy professionals.

Criterion VI: - Governance, Leadership and Management

6.1 Institutional Vision and Leadership

6.1.1. The institutional governance and leadership are in accordance with the vision and mission of the Institution and it is visible in various institutional practices such as NEP implementation, sustained institutional growth, decentralization, participation in the institutional governance and in their short term and long term Institutional Perspective Plan

Vision

To nurture excellence in pharmacy profession and mould the institution in to a centre of deft pharmacy professionals.

Mission

We are committed to deliver quality pharmacy education in order to mould the learners into globally competitive pharmacists who are professionally, intellectually adept and socially responsible.

PEOS (Programme Education Objectives)

1. Developing skill based learning in pharmacy practice by adapting conventional as well as e-learning methodology.
2. Maintaining professional ethics and sustainability for society by creating awareness of various health issues.
3. Promoting professional identity through continuous development in research innovations and creating opportunities for entrepreneurship.

Our top management provides support to each and every aspect of stakeholders to achieve set goals. The Management, Principal, faculty, and support staff work symbiotically to meet the institute's Vision and Mission for imparting overall quality of education and research.

Institute is taking continuous efforts to make students competent by implementing the concepts like ICT based teaching, following the teaching learning philosophy and providing them with knowledge through dynamic and flexible teaching methods. The faculty is sponsored to visit industries and research centers to update themselves on these issues. It works directly towards achievement of our vision and also, for the professional development. Training and Placement

(T&P) Cell organizes training programs by eminent experts. Institute arranges number of events like webinars, training programs, soft skill development etc. for all round development of students and provides exposure to innovative and industrial concepts. The Institute organizes cultural, sports and programs based on social issues under 'Unnat Bharat Abhiyan', training to farmer for making bricks from cow dung and dried cotton trees, distribution of hand sanitizer to Chopda Municipal Corporation and Police Department during COVID

19 pandemic, tree plantation etc. The institute has constituted Governing Body (GB) College Development Committee (CDC) and Internal Quality Assurance Cell (IQAC) as per the guidelines.

Various internal functional committees are constituted to practice decentralization and participation in the institutional governance which maintain discipline and code of conduct and act as backbone of the institute. The teaching, non-teaching, and students are involved in the institute's overall operation through different functional committees. In summary, the Management, Principal, teachers, and students work together to support the institute's administrative, academic, and extracurricular functions. The Principal is always open to discussion with the teaching and non-teaching staff which, in turn, encourages the involvement of the staff for the improvement of effectiveness and efficiency of the institutional process. The Principal and Heads of the Departments discuss the needs, problems and suggestions to improve the educational quality and infrastructural improvements and convey it to the CDC for further action.

6.2 Strategy Development and Deployment

6.2.1. The institutional perspective plan is effectively deployed and functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment, service rules, and procedures, etc

The institute has well defined organizational structure, Governing Body (GB), College Development Committee and is constituted as per the regulations. Roles and responsibilities are well-defined for IQAC, and various academic, examination and administrative committees. The Principal is the nucleus of the academic and administration of the institute and is the mediator between top management and employees of the institute. The teaching and nonteaching staff is actively involved in the institute's day- to-day activities for the smooth functioning of the institute as per their assigned roles and responsibilities. The working and reporting of administrative and academic departments, cells, and committees are visible from Organogram for a better-decentralized governance approach.

The policy decisions about the functioning of the organization are taken at meetings of the CDC.

At the institute level, different functional/working committees are constituted as per the norms, which take care of the developmental plans and routine institute activities. Institute believes in the proper utilization of manpower and resources as reflected in the actual practice. As a part of the policy, administrative rules and regulations, service conditions and regulations, roles and responsibilities, appointments, and leave rules have been framed and effectively implemented.

The strategic planning for all round development of students, faculty empowerment, teaching learning process and training and placement.

The institute functioning is broadly divided into categories: academics, administration, training & placement, research & development, exam section and library. The institute has a training and placement cell which works hard to promote industry institute interaction for the value addition of students and faculty as well. The cell had made various plans related to industry interaction for industrial trainings of students, memorandum of understanding, entrepreneurship development, social awareness, healthy work environment at the institute, etc.

Various committees have been constituted as per UGC, AICTE, PCI and State Government norms. The effective functioning of these committees can be seen through their frequent meetings, decisions taken on the pertaining issues and action taken reports.

The all-round development of the institute is continuously going on as follows:

- Accreditations/Approvals/Recognitions Academic and Examinations
- Resource Generation and Research & Development
- Training Placement, Industry-Institute Interaction and Entrepreneurship Development Cell (EDC) Curricular, Co-curricular and Extra-curricular, Extension and Outreach Activities
- Human Resource and Development Infrastructure

6.4 Financial Management and Resource Mobilization

6.4.1 Institution has strategies for mobilization and optimal utilization of resources and funds from various sources (government/ nongovernment organizations) and it conducts financial audits regularly (internal and external)

The institute accounts are audited regularly every year by the Chartered Accountant appointed by the parent management for the yearly audit system.

Process of the internal audit

All vouchers are audited by an internal financial committee on monthly or sometimes weakly basis. The expenses incurred under different heads are thoroughly checked by verifying the bills and vouchers. If any discrepancy is found, the same is brought to the notice of the Principal. The same process is being followed for the last year.

Process of the external audit

The accounts of the college are audited by Chartered accountants (M/s. P.S. SHAH and Company) regularly as per the government rules. Any queries, in the process of audit, would be attended immediately along with the supporting documents within the prescribed time limits. The institution did not come across any major audit objection during the preceding years. All these mechanisms exhibit the transparency being maintained in financial matters and adherence to financial discipline to avoid defalcation of funds or properties of the institution at all levels. The audited statement is duly signed by the chartered accountant. External audit is performed every year.

The Institute upholds and adheres to a carefully thought-out approach to the mobilization of finances and resources

The Department Heads and Accounts office is also involved in the process, along with. A number of institute committees. The institute has created some specific guidelines for the use of resources and funds.

The primary source of funding for the institute is the tuition fees paid by the students.

All students admitted through centralized process rely on government scholarships which are given through DBT by the State government. The institute's fees are approved and finalized by

Fees Regulatory Authority, Mumbai.

Policy and Practice for Resource Mobilization

The college budget is created by the principal and department heads prior to the start of the financial year.

Respective Heads of Department, in consultation with other faculty members and technician staff finalize the departmental requirements and forward the proposals to the Principal.

The Principal also conducts meetings with the store in charge, college examination officer, and librarian and instructs them to prepare requirements/budgets.

The Principal in consultation with HODs, the store in charge finalizes the requirement/ budget and presents the same in a meeting of the College Development Committee and Governing Body for final approval.

The institutional budget covers ongoing costs including salaries, internet and power, stationary, and other maintenance.

It comprises budgeted costs including furniture purchases, lab equipment purchases, and other development costs.

The highest management (CDC) reviews and approves the budget.

The financial statements are certified by statutory auditors who are also appointed, and certified auditors also audit the grants that the college has received.

6.5 Internal Quality Assurance System (IQAS)

6.5.1 Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes. It reviews teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals and records the incremental improvement in various activities

Moreover, IQAC identified and suggested new ways of using teaching aids, developing suitable infrastructure, and providing suggestions to start new courses.

IQAC has been also thoroughly involved in helping the Management, the Principal, and the other committees by offering valuable suggestions and effective measures to maintain consistency.

IQAC strengthened the research culture in the college

IQAC of the college has significantly contributed to developing rich culture among the faculty of the college. The faculty members of the college have been able to publish their research work in

journals of high impact factor and international repute. The college provides a faculty diary to each teacher at the beginning of the academic year. After the semester examinations, a thorough result analysis is done. The faculty members are asked to undertake extra efforts for weak students. The IQAC has prepared the institutional API proforma for the faculties of the college. Faculty members have to fill up and submit their API at the end of every academic year along with the necessary proofs. Based on teaching-learning, student attendance, result analysis, contribution in co-curricular and extracurricular activities, research contributions, etc, the API score of the faculty is computed.

Other practices of IQAC

UGC and University Circulars pertaining to research are displayed on the Notice Board for students and staff. With the help of the UGC grant, efforts have been made to develop research infrastructure like laboratories, advanced equipment, modern ICT tools, access to electronic learning materials, etc.

Interactive Intelligent Panel is installed in each classroom to aid innovating teaching.

Many teachers use Power Point Presentations, audio visual approach during lectures which found very effective in delivery of curriculum contents. The use of ICT tools found very effective during the period of Covid-19 pandemic also.

7.1.4. Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and Sensitization of students and employees to the constitutional obligations: values, rights, duties and responsibilities of citizens

The Smt. Sharadchandrika Suresh Patil College of Pharmacy promotes an inclusive atmosphere for holistic development by tolerance for cultural, regional, linguistic, communal, socio-economic, and other diversity. Students applying to college are from a variety of geographical areas. The diversity axis may take into account various castes, religions, communities, and genders. These students frequently exhibit the many customs, attire, and artistic forms common to various countries when they engage in college co- curricular and extracurricular activities. During annual social gatherings such as SPORTS WEEK & ANNUAL SOCIAL DAY, traditional clothing, fun festivals, singing, Ganesh festival, dahi handi, Rangoli, posters, social activities, etc., the college offers students plenty of possibilities on campus to exchange societal,

cooperative, and interactive behaviour. The institution plans off-campus educational excursions as part of its curricula, such as visits to the pharmaceutical industry in various locations in India and the collection of medicinal plants in a forest. Such excursions have unreported benefits since they teach the children to respect the natural world, Mother Nature, local culture, and cuisine. The students are accepting and peaceful in the multicultural setting. However, the college has mandated college dress to do away with socioeconomic status discrimination. For all reasons, students from all socioeconomic backgrounds receive the same treatment. Every employee and student in the college must stand for the national anthem in order to foster a sense of unity and patriotism. Students are educated about the Indian Constitution and social peace by participating in Constitution Day celebrations.

The College also puts on events like the Marathi Bhasha Gaurav Din to promote linguistic peace. Every year, the college hosts an annual social event. It is a group activity led by the principal that is totally planned by the cultural committee, which is made up of faculty and students. In addition to providing students with pure fun, it aids in developing their organizational and leadership skills and instills a feeling of responsibility. Competition winners receive certificates, trophies, and monetary awards. During the calendar year, notable cultural events such as Fresher's Day, Teachers Day, Pharmacist Day etc.

Day, and Farewell Function have been organized. As part of our tradition, we also commemorate the birthdays of notable Indians, such as Sarvepalli Radhakrishnan etc. The campus celebrates Chhatrapati Shivaji Maharaj Jayanti as Shivjayanti. All of the faculty, support staff, and students promise to maintain the democratic legacy of our nation and the dignity of free, fair, and peaceful elections on this special day. On January 26th, 1st may Maharashtra day and August 15th, the national flag is raised in honour of our liberation heroes, and the crowd joins in singing the national anthem. At the same time, they promise to protect public property and the nation's integrity. Everyone is taking the pledge on this occasion. Students are made aware of the need to protect natural resources such as water, air quality (including reducing noise pollution), animal life, and forests through regular activity and the special camps NSS.

7.2 Best Practices

7.2.1 Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

Best Practice I

Title: "Health Practices @ Community Services" Objectives of the Practice

1. To enhance health quantity of life in society.
2. To inculcate social value and responsibilities.

3. To organize social events for promoting the holistic development of society.
4. To create opportunities for the students for social interactions.
5. To strengthens teamwork amongst students and encourage participation.
6. To involve the students in awareness programs for grooming them an agent for community services.

The Context

Community-based learning combines traditional classroom instruction with community service to enhance the learning of the students and civic participation. The college's focus for community improvement and engagement connects academic programs with community service so that students, faculty, and community partners can forge linkage between theory and practice, between knowledge and action and between the resources of the institution and the community development. World Health Organization promotes concept of high-quality life. Being a pharmacy institute, we develop responsible and accountable pharmacists. Our prime social objective is to create awareness in the tribal population and extending care that leads to proper health and quality-life. Social activities play a vital role in the development of human values in students. It boosts confidence and teachers to co-operate and work with people in different conditions.

They learn to face the challenges that come in educational and career life through extension and outreach programs; we sensitize the students to develop social values, their responsibilities and knowledge towards societal issues and engaging them to be involved in the people of the community. Students with profound interest attain social values and responsibility. Above all, the students get hold of social justice, values, responsibility, and sustainability. While pursuing these activities in college along with education, students learn prioritization and time management skills too. These academically and co-circularly talented students have well groomed personalities, which helps them to face the world in a better way.

The Practice

Self-Study Report of college to achieve the objectives, Our College visits different t villages, primary & secondary schools and Organize the Rally and Street Drama to render our social services to the community by organizing Health Awareness Camps, Health check-up camp and Blood Donation Camp, Awareness of AIDs, Diabetes and Word Cancer day Program, Poster Presentation, Tree Plantation conducted by our B. Pharm students- Awareness program in the community of tribal area about the side effect of alcohol drinking, tobacco. Social Activity at on the occasion of Street play. Student and Faculty Participation in as Volunteer in cancer Camp. For conducting such activities, we trained our students for pharmacy practice. These students are engaged in the extension activities. We conduct different Health check-up, Vaccination Camp,

Best Practice II

Title of the Practice: Green Campus- Healthy Campus

Objective

To keep the Campus green and clean.

To grow more trees with variety to help biodiversity conservation to reduce the traffic noise.

To inculcate aesthetic values and eco-consciousness among the students and staff of our institution.

To create good ambience for the holistic development of the student. To improve the overall health of the people on campus.

To support and implement Swachh Bharat Abhiyan for healthy India. To use Led Lights.

The Contexts

Smt. Sharadchandrika Suresh Patil college of Pharmacy, Chopda situated in the lap of Satpuda mountain range. Satpuda forest is one of hotspot for floral and faunal biodiversity. Our institution is committed to maintain the health and biodiversity of the campus that eventually protect our environment. Campus expansion has resulted in an increase in the use motor vehicles and resource consumptions. Therefore, the college has felt the need to maintain and enhance the greenery in the campus.

The Practice

We plant various types of saplings with the help of students, teaching and non-teaching staff of the college. These plants are made available from the nearby government and private nurseries mostly at the onset of monsoon every year and otherwise. These are successfully maintained by providing fertilizers and irrigation facility. We conduct the program by Green Army volunteers for the maintenance of our campus. The faculty members celebrate their birthdays not cutting the cake but by planting a sapling. This cake free initiative under this best practice has proved very fruitful so far more than hundred trees have been planted by the faculty members alone. The sapling planted by the faculty members on his/her birthday has to be taken care of by the concern faculty members including iron mashing and watering. Following are the major activities conducted to achieve the goal of green and healthy campus The college has conducted green audit of the campus. Right from the beginning the college has carried out labeling of plants on the college campus which helps students to understand the botanical names and specifications of

the plants. College has maintained garden with labeling. Signboards/posters are displayed on the college campus for encouraging ideas of plastic-free campus, noise pollution, and environmental awareness. The energy audit of consumption of electricity in the college is conducted recently by certified external auditor. LED bulbs are installed in the college building to save electricity, The college has robust rain water harvesting mechanism that has I. resulted in the increase in groundwater levels of bore well on the campus. The chemistry laboratory uses rain water as distilled water for practical.

Evidence of the Success

Our campus is spread across 36 Acres of sprawling green campus. This practice has resulted in the improved quality of air and subsequently quality of life. The tall trees help to reduce the noise and traffic sounds as the college campus is adjacent to the highway. It is a proven facilitates the plant barriers can be a solution to noise. Indeed, plant barriers are excellent solution for the traffic noise.

Problem encountered and Resources Required

No serious problems were face has such but during the initial phase it was difficult to find the alternative for single use plastic carry bags for the students.
