| 13 | Disable Friendly Washroom |
| 14 | Fire Fighting System |

Energy Conservation using LED Lights

Save Energy Signs

Sensor based energy Conservation

Solar System

Open Well

Bore Well

Rainwater harvesting (RWH)

RWH is the collection and storage of rain, rather than allowing it to run off. Rainwater is collected from a roof-like surface and redirected to a tank, cistern, deep pit (well, shaft, or borehole), aquifer, or a reservoir with percolation, so that it seeps down and restores the ground water.

Green Campus Initiative

Restricted Entry of Automobiles

Drinking Water

Drinking Water Plant on Ground Floor

The institute promotes the concept of three R's - "Reduce, Reuse and Recycle" motto to dispose the waste as much as possible while ensuring its proper disposal thus making for a clean and healthy campus. The institution has taken several initiatives for solid waste management, liquid waste management, and biomedical waste management, e-waste management including the waste recycling and hazardous chemicals and radioactive waste management. Ecological, economic and social framework is preserved and protected. The institution has decided to have a long-term commitment towards the established policies, to take a shared responsibility for the future. Blue, green red and yellow coloured dust bins are placed wherever necessary.

Solid Waste Management

Littering of waste prohibited on the campus. Separate dustbins for biodegradable and non-biodegradable wastes, placed at various locations on campus including class rooms, laboratories and administrative office etc.the dustbins are labeled with instructions to distinguish the waste.

Hazardous Chemicals and Radioactive Waste Management

Faculty members and lab assistants guide and monitor the students in the careful use and handling of chemicals in all the laboratories. Fuming chambers are provided in the laboratories for the careful handling of hazardous chemicals in Chemistry laboratories. Exhaust fan is provided to expel out harmful and dangerous gases out of the laboratory. Students are strictly instructed to take measure to protect them selves while using the chemicals in laboratory.
