Activity Report 2022-2023

Title of Activity/Event: Pharmacist Day

Date: 25/09/2022

Guest: Chopda Taluka Medical Association President Shree Deepak Patil, Prof. Ashok Sonawane, Prof. S. T. Kulkarni, Secretary Shree Pravin Mistri, Shree Ramakant Patil

Number of student: 87

Venue: Smt. Sharadchandrika Suresh Patil College of Pharmacy, Chopda, Jalgaon, Maharashtra

Brief Description of Event: The annual commemoration of this day is aimed at recognizing the role of pharmacists in improving global health. It is also meant to encourage and support actions that promote healthcare worldwide.

Clinical activities in pharmacies involve pharmacists providing patient care to optimize medication therapy and to promote health, wellness, and disease prevention [1]. Among such activities are the identification, prevention, and resolution of drug-related problems

The primary goal of anyone working in pharmacy is to dispense medication in a quick and accurate manner. Accuracy is more important. Giving the customer the right medication and the right dosage can be a real matter of life or death.

Venue: Smt. Sharadchandrika Suresh Patil College of pharmacy Chopda.

Aim of activity:

One of the main objectives of tissue culture studies is to obtain high-frequency shoot regeneration, which is also a prerequisite for an efficient transformation system and a clonal propagation of plants with attractive flowers and fruits in large scale for ornamental purposes.

Outcomes:

Plant tissue culture as an important tool for the continuous production of active compounds including secondary metabolites and engineered molecules. Novel methods (gene editing, abiotic stress) can improve the technique

Entrepreneurship programme on 'Hydroponics'

Topic: Entrepreneurship programme on 'Hydroponics'

Date: 16/04/2022

Guest: Dr. Sandip S. Pawar

No. of Students present: 30

Venue: Hydroponics, Smt. Sharadchandrika Suresh Patil College of pharmacy Chopda

Aim of activity:

The main objective of hydroponics is to supply the ideal nutritional environment for optimum plant performance. Although technically not a portion of hydroponics, growers typically try to provide ideal environmental factors also. Plant performance may be further optimized by controlling the climate and lighting.

Outcomes:

Hydroponics is rapidly gaining momentum and popularity as the best way to cultivate everything from flowers and food to medicine. In Europe, hydroponics is now widely accepted by consumers and is quickly catching on in other countries around the world
